# Kiddi® Interactive Smart Table

## Create engaging teaching and learning experiences with the unique Kiddi® Interactive Smart Table.

Uniquely designed for use in early years education environments, such as kindergartens, child care centres and primary schools. The Kiddi® Interactive Smart Table sits at just the right height for children and comes preloaded with engaging, age-appropriate educational activities, games and videos that help develop children's literacy and numeracy through sensory play. The Kiddi® Interactive Smart Table is available in a range of colours and comes standard with a corded plug-in power supply. Battery/extended battery options are available.

### Features:
